Beloved Children:

Heaven is consciously maintained by the wise man or woman who accepts no 'hell' into their worlds. Each man is allowed to people his world with creatures of his own choosing. The Residents of the eternally sustained Kingdom in which We dwell are more constant in Their vigilance than are the people of this octave, and while serving in this lower realm, the Ones Who have earned Their Eternal Freedom are wise enough to repel, immediately, any imperfect impression that would seek to intrude upon Their attention. The attention is the open door through which flows every experience into your world. For you, the attention has become the connection with the 'sinister force', as you call it, and for Us, the attention is used as the constant connection with All of God both inside and outside of Ourselves.

Govern the faculty of your attention for one hour and place it, unwaveringly, on good, and I defy any shadow to approach you during that period. Then increase the time until it becomes a habit, and in this way you will be able, ultimately, by perseverance, to keep evil of every kind from entering your world and experience. Your attention must be drawn to a thing before you can become aware of it. This is true of pain for many a boy on the battlefield lost a limb, and in the heat of conflict felt no loss until the attention was loosed from the crisis he was engaged in, and fear instantly flowed in and acceptance of loss followed.

If We could persuade you to keep your attention on good for as long as you keep it on a hurt feeling or a sense of privation, you would have the open door to your complete freedom. You of the Western world are not accustomed to discipline of mind, emotions or body; but for those who aspire to mastery, the easiest way to achieve Peace is to throw the full power of your attention ON SOME GOOD MANIFESTATION OF LIFE ALL THE TIME. It could be a quality in yourself or another, a beautiful picture or a poem, a Master's words or likeness; but it is necessary that you be constantly alert as to that upon which you allow your attention to rest. You would not dream of swallowing arsenic or other poisons, yet you pollute your whole lifestream every moment you allow your attention to rest, with acceptance, on any record less than God's Full Perfection. If I, Myself, or any other Master were to allow Ourselves to recognize you as you see each other, within fifteen minutes We would be like you. Think that through! Therefore, if you want to be like Us, then you must see everyone as We are. Treat everyone you meet as you would treat Us, then your flesh will reflect that which you recognize as real through your attention.

Your world is a mirror - reflecting back to you that which you believe is real - not what you affirm through your attention. If you, My beloved children, will learn this Truth, and not just read it, I should see a great improvement in you and your worlds when I visit you in the Bulletin next week. The 'Word' must become your flesh and dwell among you, otherwise it becomes a dead thing. There have been too many Words allowed to die. The Master's Words, as Jesus said, are life, and must take root and grow in you, otherwise He

is not permitted, by Cosmic Law, to give His Life where there is no soul growth. Therefore, friends, let every Word of Truth We have given you become part of your Eternal Identity. Practice this and be FREE.

Blessings and Love,

MAHA CHOHAN

Beloved Children:

Do you know how much I love you? How close We have drawn as your earnest hearts and sweet spirits have pondered upon My Word, and your innocent souls have winged their way into My Presence following the beam of your attention and seeking the Comfort of the Light! How often have I placed My arms around you! How often have your weary heads lain upon My Bosom as through you I poured My Life and the Comfort which it has been My privilege and honor to radiate to your Earth in the Name of the Holy God, Creator of Us all, Sustainer of Our Beings - Majestic and Powerful and Mighty. All Glory be to His Name!

My children, I want you to feel the radiation of My Light as It flows out through the magnificent forcefields you have created by your own voluntary energy, woven into song, into dynamic application, into clear visualization through a period of months and years of selfless, kindly, constant service to this universe and the humanity evolving upon the planet. On the path of your love and on the very energies of your own lives have We walked again into the presence of mankind, sustained by your faith that Our Reality, Our Gifts, Our Consciousness, Our Counsel might reach into the hearts and feelings of the members of the race willing to accept the conception that there are Free Beings governing and directing the course and destiny of this evolution.
